

It is MY phone for MY use, period - not for someone else! I pay the bill & should be the one that determines who can and CANNOT call. I'm an adult and quite able to seek out any services that I may require. I DO NOT want someone calling my home, AT ALL HOURS & SEVERAL TIMES A DAY, trying to sell me something or convince me to join something - under the "such a deal I got for you" guise. After so many times of being directed/told NOT TO CALL ME EVER AGAIN - it's just plain HARRASSMENT and charges should be filed! KEEP the DO NOT CALL list! Thank you.
